28 Rue de l'Embellie, Gatineau, Québec | C : 819-592-1297 | clairebun\_3@hotmail.com

## Profile

---

As motivated student, I am looking to gain more and more working experiences aligned with my school programs as Programmer Analyst; I am seeking new challenges of developing more complex applications.

## Languages

---

Fluently bilingual in both official languages (French, English)

## Work Experience

---

### ***Junior Programmer Analyst (Co-op) - Immigration, Refugees and Citizenship Canada***

***2019 January – up to present***

- I am currently assigned to develop enhancing web application using Agile methodologies.
- I am currently assigned to work on one of the major projects of the department front-end web application of Immigration, Refugees and Citizenship Canada, using mainly Angular as the main framework.
- Team up with colleagues from other fields such as businesses and management to develop the web application.

### ***Web Development Officer (FSWEP) - Employment and Social Development Canada (ESDC)***

***2018 May to August 2018***

- I had designed, developed new templates, maintained and enhanced ESDC's Intranet web application using CSS3 & HTML5. I took many work orders and executed work requirements directly from clients.
- I took client's requests, usually in word documents and I converted them into HTML pages with respect to government publishing standards and guidelines using web designing software (Adobe Dreamweaver).
- I had dealt with many urgent requests within the timeline given; I had done them with the upmost qualities products that I can gave to our clients and our clients are much appreciated of my all works.
- I had helped web developer's team and we migrated over 4000 files from older TeamSite 4 to newer version TeamSite 8.

### ***Junior Web Developer and Publisher (FSWEP) - Global Affairs Canada***

***2017 September to- December***

- I worked with Web Services Communication Management (WSCM) team in charge of validating and updating metadata for every HTML page previously created by other teams in order to conform to new standards. Removed duplicated links within Global

Affairs' intranet and Modules.

- I learned on how to adapt to work plans from different situation, as being flexible.
- Outlook: answering emails from all Global Affairs Canada's employees who sent to our intranet service generic mailbox in both French and English.
- Reached out and promoted our intranet services to other employees of GAC.

***Cashier -McDonald's:***

***2013 December to October 2016***

- I had developed skills on how to handle with difficult clients; on how to find a quick solution in dealing with difficult clientele. I learned on how to control stress and how to work quickly under pressure.
- Working in team environment and in collaboration with colleagues in taking orders.

Education

---

**Cégep de l'Outaouais**

- Technique informatique de gestion (diploma obtention in August 2019)

**High school**

- College Saint-Joseph de Hull 2010-2015
